

BDC 1200

BLACK DIAMOND™ SERIES

The **BDC 1200** is a stunning floor standing speaker of superior performance capabilities. Visual sophistication is attained by the unique integration of cherry grain cabinetry with complementary 6-layer high gloss black lacquer accents. Its five-driver array features two fiberglass cone woofers with two matching midrange drivers. A liquid cooled silk dome tweeter completes this acoustically spacious and transparent design. As a finishing touch, the cabinet's side walls exhibit a graceful bow, creating a refreshing departure from the "boxy" look. Pinnacle's 10-Year transferable warranty concludes the package.

Special Features

- Beautifully Curved Sidewalls Accented with High Gloss Piano Black Lacquer
- Solid Brass Isolation Cones
- Automatic Overload Protection Circuit
- Video Shielded
- 10-Year Transferable Warranty on Parts & Labor
- Designed in the USA
