

# BDC 400

## BLACK DIAMOND™ SERIES

The **BDC 400** is a stunning center channel of superior performance capabilities. Visual sophistication is attained by the unique integration of cherry grain cabinetry with complementary 6-layer high gloss black lacquer accents. Its three-driver array features two fiberglass cone woofers and a liquid cooled silk dome tweeter completing this acoustically spacious and transparent design. As a finishing touch, the cabinet exhibits a graceful bow, creating a refreshing departure from the "boxy" look. Pinnacle's 10-year transferable warranty concludes the package.

### Special Features

- Beautifully Curved Sidewalls Accented with Cherry Finish
- Automatic Overload Protection Circuit
- Video Shielded
- 10-Year Transferable Warranty on Parts & Labor
- Designed in the USA
